Description

The AnaMarija Apartments are located in the city of Dubrovnik, on the beautiful peninsula of Lapad, a peaceful and forested part of the city. Only a short journey from the historical Old Town, this makes the apartments a perfect and tranquil location to relax away from the crowds usual for the town during the summer season.

The apartments were built in 2006 within an old Dubrovnik summer residence, a cultural monument only 30 meters away from the sea with a beautiful view of Gruž port and the ships which enter the port. Its construction style belongs to the time when the town noblemen used the residence as their summer retreat. The residence is surrounded by 2 000 m of a garden containing a small 16th century chapel, there are lots of olive trees, indigenous plants and vegetation providing shade where you can spend time relaxing and taking your pick of seasonal fruit.

All the apartments have a bathroom and kitchen, and are equipped with an air-conditioning unit, digital satellite TV, Internet connection, laptop (if requested). In our apartments you will find everything you need for your relaxing holiday. You are also welcome to use the summer kitchen with an old fire place for food preparation and the terrace.
